Please read this entire manual to fully understand and safely use the luminaire.

Specifications are subject to change without notice. Please visit www.atgelectronics.com for the most recent user guide versions.

UNPACKING

- 1) Unpack and carefully examine the product.
- 2) Report any damage and save all packing materials if any part(s) were damaged during shipping.
- 3) Do not attempt to use this apparatus if it is damaged.

INSTALLATION INSTRUCTIONS

- 1) CONSULT A QUALIFIED ELECTRICIAN TO ENSURE CORRECT BRANCH CIRCUIT CONDUCTOR.
- 2) The product should be installed and operated by a qualified electrician or technician in accordance with relevant local codes.
- 3) Risk of electric shock. Ensure that main power source is off when wiring or soldering the sections of the product.

MAINTENANCE

- 1) Disconnect the product from the power supply prior to cleaning.
- 2) Use a dry or slightly moistened cloth for cleaning.
- 3) Never use any chemicals or abrasive materials for cleaning.

INSTALLATION STEPS

- 1) Turn off the main power before installation.
- 2) Take existing fluorescent light out.
Existing fluorescent light is not needed. You might recycle it as appropriate.
- 3) Remover Ballast. Properly dispose of ballast at a recycling facility near you.
- 4) Connecting the strips tightly and fix them on the fixture as belowing picture.

- 5) Wiring the strips and power supply.

- 6) Covering the power supply with the lid.

- 7) Mounting the grid or plate cover to the fixture.

- 8) Plug power supply into power outlet to light up the whole system.
